John L. Miller-Great Neck North Senior High School
Great Neck, New York

Dear Friends:

I wish that I had the opportunity to personally greet each and every one of you, but since I don't, I am speaking to you in this manner. It seems that the life of this Principal these days is a bit too complicated to make it possible to know each of over four hundred graduates well. However, I am pleased to know some of you through participation in various school activities and projects, others of you through problems that we've worked on together, and still others whose accomplishments I've heard and seen.

It is my conviction that you can well be proud of yourselves and your class. Your accomplishments are far too numerous to mention here. I'm certain that each one of you has pleasant memories of high school that will last throughout your life. Of course, there are unpleasant thoughts too as few, if any, of us live in the society of *Candide* - "the best of all possible worlds."

Please be assured that you have the very best wishes from all of us who remain here after you leave. We hope sincerely that we've been successful in helping you along the way to becoming what you want to be, and that you've decided to want to become all of which you're capable.

It is my strongest desire to have you leave us feeling positive about your future.

You have my very best wishes for continued success.

Sincerely,

A handwritten signature in cursive script that reads "M. Elliot Noyes".
